**A**mfit's Digital Footfax™ has been clinically tested in busy labs worldwide, and has clearly proven to be the future for quality custom foot orthotics. Call us to find out how easy it is to put the Digital Footfax into your foot orthotic practice.

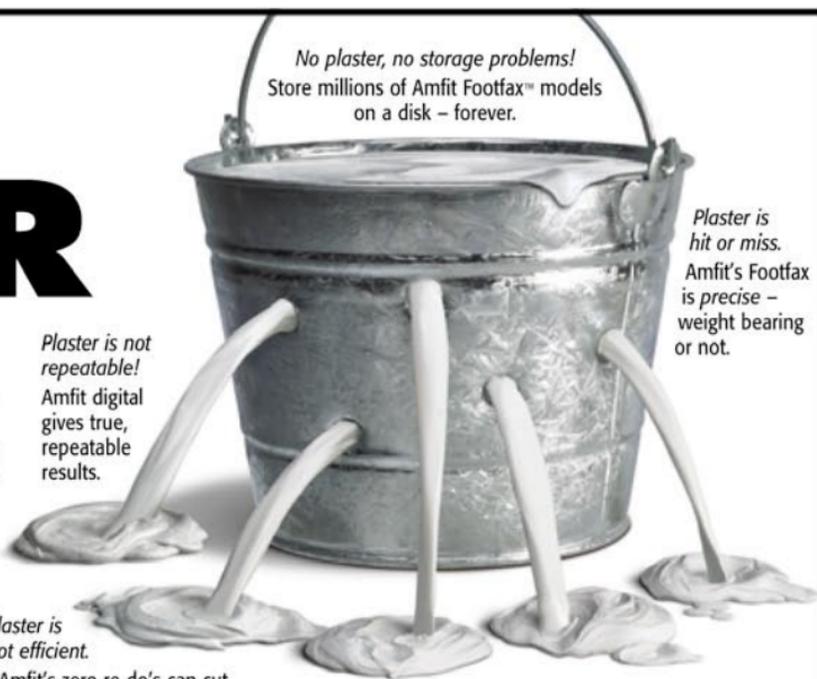

You'll find it's a profitable long-term investment. And see why Ken Wasserman, C.O., C.Ped., and other professionals call the Amfit Digital Footfax system "a consistent and precise quantum leap" and the ultimate in quality control for custom foot orthotics.

*Plaster is not repeatable!*  
Amfit digital gives true, repeatable results.

*Plaster is not efficient.*  
Amfit's zero re-do's can cut total time by 50%.

*No plaster, no storage problems!*  
Store millions of Amfit Footfax™ models on a disk – forever.

*Plaster is hit or miss.*  
Amfit's Footfax is precise – weight bearing or not.
