

Opportunity is knocking...

Answer it with the **Moore Balance Brace**

Everyday 10,000 people turn 65

Many of them have balance problems that may lead to trips or falls

Introducing the *Moore Balance Brace* a custom made AFO specially designed to address balance concerns in the elderly.

A recent research study*, using the Moore Balance Brace along with proper footwear on elderly patients, was shown to significantly reduce postural sway by more than 50% and to improve postural stability in the medial-lateral direction by

18% without influencing reach distance or TUG times.

“shown to significantly reduce postural sway by more than 50%”

We look forward to providing you with all the tools necessary to take advantage of this opportunity to include the Moore Balance Brace into your practice.
