Family of Joints

Hand Tools

FADT™ Press

Shearban®

When patients trust you to provide expert care, you can't trust your reputation to an untested product. Yet, that's what many manufacturers ask you to do.

At Tamarack Habilitation Technologies, we guarantee the durability of our products because we test them repeatedly—on machines and ourselves. We think you'll notice the Tamarack difference in all our products—in how they're designed, how they function and how they last.

To find out how you can make a difference for your patients with long-lasting Tamarack products and tools, call Becker Orthopedic toll free at 800.521.2192 or 248.588.7480 from outside the U.S., or visit their Web site at beckerorthopedic.com.
