

Why choose Cascade DAFOs?

Because every child deserves to live a healthier, happier life.

We know how important it is for your patients to have the opportunity to live life to the fullest. That's why we strive to make each brace as kid-friendly and easy-to-wear as possible.

For nearly 30 years, practitioners in North America and around the world have found the precise fit offered by the original DAFO® results in the most effective and comfortable bracing solution.

Please visit us online to learn more about our custom and prefabricated orthoses and how they can support your patients' mobility.
