

The Providence Nocturnal Scoliosis System

Presented by Barry McCoy, CPO, Spinal Technology

Spinal
Technology, Inc.

This course instructs orthotists on the use of a nocturnal orthotic system for the nonsurgical treatment of adolescent idiopathic, juvenile, and neuromuscular scoliosis. The program will educate attendees about how to satisfactorily address the needs of patients via thorough review of scoliosis principles and the use of innovative technology to optimize fit, comfort, and compliance while stopping curve progression in a nocturnal-only setting.
