

# INTRODUCING THE WATER RESISTANT

## Plie' 2.0 MPC KNEE

The **NEW** second generation **Plie' 2.0 MPC Knee** has synergistic microprocessor and hydraulic technologies that deliver a highly responsive prosthetic knee, while facilitating natural and intuitive mobility.

Microprocessor control of both swing and stance phases delivers advanced stumble recovery capability.

Freedom Innovations' game-changing **Plie' Set-Up Wizard** streamlines programming and set-up of the knee, utilizing automated parameter settings which ensure optimal performance.

Please check with your SPS Sales Manager to schedule a demonstration.

SPS has modified its 2010 Prosthetic Advances course to cover instruction on fitting, programming and operation of the new Plie' 2.0

Please check with your SPS Sales Manager concerning registration.
