

# NEW RHEO KNEE®

BY OSSUR

**THE REDESIGNED RHEO KNEE FEATURES A HOST OF UPGRADES, INCLUDING IMPROVED AESTHETICS, A HIGHER WEIGHT LIMIT, INCREASED TORQUE AND FASTER SWING SPEED.**

A truly dynamic knee, the new RHEO KNEE uses Artificial Intelligence to continuously adapt to the user's walking style and environment. The RHEO KNEE recognizes and responds immediately to changes in speed, load and terrain, restoring the user's ability to walk naturally, comfortably and confidently at any speed.

## NEW FEATURES

- Higher weight limit of 275 pounds
- Increased torque capabilities
- Streamlined, anatomical shape
- Reduced swing resistance
- Faster swing speed
- Enhanced swing phase programming
- Wireless Bluetooth communication
