OPIC-IV: Orthotic & Prosthetic Information Conferences

For 2005, SPS has reformatted its one-day educational program to provide more clinical information on the newest technologies and developments to improve patient outcomes. Presentations will focus on case studies and alternative methods of treatment. The program is fast-paced, covering a variety of topics in a single day*.

Highlights of the program include:

- *Prosthetic Management of the Problematic Transfemoral Cases*—Kevin Carroll, CP
- *ALS and Orthotic intervention; Orthotic Management of the Pediatric Hip*—Ms. Kaia Halverson, CPO
- *Clinical Considerations for using Suction Valve Systems*—Jim McElhiney
- *Gait Biomechanics & AFO Functional Outcomes*—Robert Maier, CO

Oct 14th – Austin, TX

Each one-day seminar provides 7 CEUs.

*Topics vary by location.

Please call Molly Taylor at 800-767-7776 x 245 about program details for the location nearest you.
